

City of Peterborough Media Release

FOR IMMEDIATE RELEASE

September 28, 2005
Peterborough, ON --

Members of the Amalgamated Transit Union (ATU) Local 1320, the membership of which operate City of Peterborough buses and Handi-Vans are in the midst of a strike and have the legal right to set up picket lines outside City Facilities.

As a result residents may experience delays to the provision of other City services such as the collection of garbage and green waste.

Until there is a resolution to the labour dispute, the public is asked not to put out green waste for collection. However, please continue to set out your garbage for collection as usual.

Your co-operation and understanding during these difficult times is appreciated.

This information is also available on our City of Peterborough website at www.city.peterborough.on.ca
