

# City of Peterborough Press Release

## FOR IMMEDIATE RELEASE

June 6, 2007  
Peterborough, ON --

Mayor Ayotte acknowledges and thanks all who have sent wishes for a speedy recovery from his recent surgery.

The Mayor is happy to report that he is making great progress and is in daily contact with Deputy Mayor Clarke and staff in the Mayor's Office and City Administrator's Office.

Deputy Mayor Clarke states: " We are pleased to see him regaining his strength so quickly after major surgery."

The Mayor is counting the days until he can return to the office and from recent reports that could be before the summer Council schedule takes effect.

"Having the colostomy reversed and a hernia repair on May 16<sup>th</sup> forced me to slow down for a while, but I am feeling better each day and I am monitoring what is going on at the City. I can't wait to get back to work.", states Mayor Ayotte.
