Peterborough, ON –

Change Your Clock – Change Your Smoke Detector Batteries

The Peterborough Fire Department reminds everyone, when you change your clocks, you should also change the battery in every smoke detector in your home.

Don't forget to take a few minutes to plan and practice a home fire escape plan with your family. When the smoke detector sounds, everyone must know what to do.

Smoke Detectors are required to be installed on every storey outside all sleeping areas. It's such a small cost and effort for a huge investment in your family's safety.
