MEDIA RELEASE #5

FOR IMMEDIATE RELEASE

Date: April 16, 2008

High Water Levels To Continue on Otonabee River

The City of Peterborough is still experiencing high water levels along the Otonabee River, however, the rate of flow is not expected to increase any further over the next couple of days. Minor fluctuations in flow may occur.

The City of Peterborough encourages those residents living along the Otonabee River to continue monitoring water levels, and to take necessary precautions to protect life and property. Should residents require assistance, please contact City of Peterborough Public Works at 745-1386.

The City of Peterborough continues to ask residents for their cooperation in reducing or discontinuing any non-essential water usage in order to help reduce the flows at our Sewage Treatment Plant.

To report flooding in your area, call the Flood Watch Hotline at 705-745-5791, ext. 228 – available on a 24-hour basis.
