

City of Peterborough Media Release

FOR IMMEDIATE RELEASE

May 9, 2011
Peterborough, ON --

The City of Peterborough Land Information Services Division has won the “Peoples Choice Award” for best map at the annual Urban & Regional Information Systems Association (URISA) 'Be Spatial' conference. The Peterborough submission won decisively.

The annual 'Be Spatial' conference caters to municipal users of Geographic Information Systems (GIS) and the maps entered in the competition are from municipalities from across Ontario.

This version of the City map can be viewed on the City's website at: http://www.peterborough.ca/Living/City_Services/Land_Information_Services_GIS/Maps.htm

Malcolm Hunt, Director, Planning and Development Services remarked “LIS provides City departments and Peterborough citizens with a valuable service. For many years the staff members of the LIS Division have been innovators in municipal geographic information systems. I am pleased that they have received provincial recognition by their peers for the talented work that they do.”

This information is also available on the City of Peterborough website at www.peterborough.ca.
