FOR IMMEDIATE RELEASE

May 19, 2017
Peterborough, ON --

Centennial Fountain Delay

Due to the high and fast waters in Little Lake, the City of Peterborough has been unable to complete the repairs necessary for the seasonal start of the Centennial Fountain.

The fountain is typically serviced in time to have it running by Victoria Day weekend. Unfortunately, conditions throughout the month of May have made it unsafe to complete the work, therefore causing a delay.

Barring unforeseen circumstances, the Centennial Fountain will be up and running for June 1, 2017.

This information is also available on the City of Peterborough website
