

# City of Peterborough Media Release

For Immediate Release  
April 13, 2018  
Peterborough, ON --

## **Provide Your Comments on the Major Sport and Event Centre Project**

The City of Peterborough is studying the feasibility of building a new multi-use sport and event centre in the City. Phase One of the study is now complete and included Stakeholder and Community Consultation to determine market and community needs to justify a Major Sport and Event Centre in the City and broader region, beyond what is provided currently in the existing Peterborough Memorial Centre. Phase Two, led by consulting team Sierra Planning and Management, is now underway and includes a more detailed assessment of potential site locations, concept design and financial implications of investing in a new facility.

The public is invited to view the progress on this project through the City's website and provide comments through a direct email address:
