

## 2013 Peterborough County and City Child Care Sector Per Diem Rate Table

The 2013 Per Diem Survey was completed in the month of July. Data was collected through the 22 agency profiles provided by the Purchase of Service contracts with the City of Peterborough. This report provides summary information on child care per diem rates (both centre-based and licensed home child care rates are inclusive) that are most frequently used by agencies in the Peterborough area. Provincial data from the 2012 Child Care Operators survey are also included in this table to provide a provincial perspective.

Less than 6 hrs.	30.00	27.00	25.55	25.55	25.55
Before & After				18.25	18.02

The median fees indicate the fee value at which half of the fees lie above it and half below (e.g., based on the responses received for the fee for a full day infant program, half of the fees lie above \$50.00 and half below.)

Peterborough data is presented in averages which is the arithmetic mean, and is calculated by adding a group of numbers and then dividing by the count of those numbers.  
(e.g., 2,3,3,5,7,10 =30 divided by 6 = 5 as the average)
