## **1.0 Introduction**

### **1.1 General Information**

The Property Division of the City of Peterborough, or the “City”, appreciates your interest in this Request for Prequalification, or “RFPQ”.

Through this RFPQ, the Property Division is soliciting additional prequalification Proposals from established General Contractors, or “GCs”, that have the necessary expertise to bid on construction and renovation projects ranging in value from \$25,000 to \$2,000,000.

It is the Property Division’s intention to prequalify three groups of GCs for construction and renovation projects issued by the Property Division and based on the following values:

Group 1 – between \$25,000 and \$250,000;

Group 2 - between \$250,000 and \$750,000; and

Group 3 - between \$750,000 and \$2,000,000.

The City is looking to prequalify up to a maximum of four additional GC’s for Group 1, up to a maximum of two additional GC’s for Group 2 and one additional GC for Group 3.

**GCs must clearly indicate on Appendix A – Submission Cover Page and Checklist which group they are prequalifying for. GCs must indicate if they are applying for prequalification in more than one Group.**

Each Group of prequalified GCs will be invited to submit Tenders for various construction and renovation projects for the City’s Property Division for the period January 1, 2016 through December 31, 2019, based on the estimated value of the project.

This RFPQ is open to any new or previously excluded GCs who wish to be considered for these projects. **General Contractors who already prequalified in RFPQ-05-14 with the Property Division do not need to re-apply.**

**This prequalification is for GCs only, not for Trades or Sub-Contractors.**

### **1.2 Additions to Groups**

The Property Division issued **RFPQ-05-14** on November 6, 2014 for Prequalification of GCs for the Property Division of the City for the period January 1, 2015 through December 31, 2019. **RFPQ-04-15** is being issued to add additional GC’s to the existing prequalified list created in January 2015. Any additional GC’s that are prequalified through **RFPQ-04-15** shall be added to the prequalification for the period January 1, 2016 through December 31, 2019.

The City will maintain the current group of prequalified GC’s and any additional GC’s prequalified through this RFPQ until December 31, 2019. The City will

therefore not be asking for any additional GC's to be prequalified through this process until after 2019.

### **1.3 Submission Requirements**

The City's Property Division is responsible for the procurement of Construction services for various projects. **Only prequalified firms will be issued an RFT for each of the Property Division's projects.**

This RFPQ outlines the responsibilities, and requirements for the submission, the selection process and related conditions and specifications. The City reserves the right, at its sole discretion, to disqualify any GC who fails to provide all mandatory information, as required by this RFPQ.

Those GCs who consider their firms as having the necessary qualifications are requested to submit all documents as outlined in this RFPQ. All information submitted may be verified. In the event that it is determined that any of the information submitted is inaccurate or misleading, your firm may be disqualified from the RFPQ. Incomplete information may limit your firm's ability to prequalify.

Nothing in this document should, in any way, be construed to be a condition or term of any yet to be issued RFT.

The City reserves the right, at its sole discretion, to change the scope or conditions of projects and this procurement, in any manner, or to discontinue the RFPQ process completely.

#### **6.8 Rights of the City**

The City reserves the right to communicate with one or more GCs following the Closing to clarify elements of the submission.

The City will retain the right to ensure that an acceptable standard of use, service and operation is maintained.

## **6.9 Employees**

In the performance of any contract, the prequalified GC shall be an independent contractor. The prequalified GC and their employees shall not be deemed to be employees of the City.

The prequalified GC shall employ only orderly, competent and skilful employees to ensure that the services are carried out in a respectable manner.

## **6.10 Relationship of Parties**

The GC expressly acknowledges that they are an independent contractor and neither agency, partnership nor employer-employee relationship is intended or created by the resulting Contract with a prequalified GC.

The prequalified GC shall be solely responsible for all matters, if applicable, relating to statutory deduction of all taxes, employment insurance and Canada Pension and all licenses and permits which may be or become required to perform all Services.

The prequalified GC shall be solely responsible for all their personnel matters, if applicable, relating to hiring, firing, discipline, leave, remuneration, WSIB and insurance premiums.

The prequalified GC fully acknowledges and accepts their responsibility as defined under the **Occupational Health and Safety Act** as amended.

## **6.11 Collusion**

The GC declares that this response is not made in conspiracy with any other GC making a submission for the same products/services and is without collusion or fraud.

## **6.12 Contract Completion Security**

The City shall deduct, on each Certificate of Payment, after the 10% lien holdback has been deducted, a further 3% on Group 1, 2 and 3 projects, to be set aside and held as a Contract Completion Security Account. The accumulated amount in this account shall be released to the successful GC upon Total Performance of the Work. Partial releases will not be made.

If, within 15 days of written notification by the City, at any time after Substantial Performance, the successful GC does not reach Total Performance, by failing to completely finish outstanding Work, the City shall have the right to complete such Work and deduct the cost for such Work, together with an appropriate administration fee, from the Contract Completion Security Account.

# **7.0 Prequalification Approval**

## **7.1 Evaluation**

This is an RFPQ for the prequalification of additional GCs for three groups, as indicated in **Item 1.1**, for the City's Property Division projects for the period

January 1, 2016 to December 31, 2019. Additional GCs will be prequalified based on the evaluation of the criteria set out in this Section.

## **7.2 Evaluation Committee**

An Evaluation Committee comprised of the Property and Energy Manager, the Property Maintenance Coordinator, and the City's two Architects of Record will be evaluating submissions using the Criteria in **Item 7.4**. The City reserves the right to change the makeup of the Committee, if required.

## **7.3 Clarification and References**

The City reserves the right to contact any GC to seek clarification of the contents of their submission.

The City may investigate, in such manner as it deems necessary, to determine the ability of the GC to perform the Work, and the GC shall furnish the City all such information and data for this purpose, as the City may reasonably request.

The City reserves the right to reject a GC from this prequalification process if that GC has: unsatisfactorily performed work for the City; poor references; or has included false or misleading information in their submission; or submitted an incomplete submission.

Reference checks by the City may not be limited to making inquiries of only the owners listed in the GCs' submission. The City may consider all available information, including: prior performance on City work; prior performance with either of the City's two Architects of Record; and any other projects/owners not specifically provided by the GC as examples of their work, or as references.

The City reserves the right to reject any submission if the evidence submitted by the CG or if an investigation of a GC fails to satisfy the City that the GC is qualified to carry out the obligations of the project.

The City reserves the right to: limit each roster to a reasonable number of prequalified GCs; and prequalify additional GCs. A minimum score of 75 is required to be considered for addition to Group 1, 2 or 3.

By submitting a prequalification Proposal, each GC consents to:

- a. The City performing reference checks which may include the City contacting any owner listed in the submission.
- b. Participating in a Contractor Performance Review and, if any, to the consequences thereof;
- c. Resolving conflicts professionally and expeditiously;
- d. Posting the names of successful GCs in a format acceptable to the City; e.g. posted on the City's website, advertised in local papers, faxed to Trades on request.

Each GC agrees that any one of the following: poor performance based on the Contractor Performance Review; breach of contract; and/or failure to participate in three consecutive Invitations to Tender provides sufficient evidence upon which the Director of Corporate Services and the City Solicitor could determine that the commercial relationship between the City and the GC, including any sub-contractor the GC intends to use, has been impaired by the act(s) or omission(s) of the GC or sub-contractor. If the Director of Corporate Services and the City Solicitor determine that the commercial relationship between the City and the GC has been impaired, the GC agrees that the City has sufficient cause to remove the GC from the prequalified Group for a period of up to five years from the date of the City's determination.

The City reserves the right to add additional specialized GCs on specific City projects where it may be advantageous to the City.

The successful GC must meet all requirements of any Tender document.

In establishing a prequalified roster of GCs, the City does not guarantee that there will be subsequent RFT's issued or any contracts awarded as a result of this prequalification process. The City is seeking to maintain a maximum number of GC's on each Group's roster as noted below:

**Group 1** maximum Roster of 10 - existing roster consists six GC's;

**Group 2** maximum Roster of 10 - existing roster consists of eight GC's; and

**Group 3** maximum Roster of 15 - existing roster consists of 14 GC's.

GCs may request a debriefing after release of the approved roster of additional prequalified GCs. All requests must be made, in writing, to Mac MacGillivray, Property and Energy Manager, within 30 days of the City posting the results of award of **RFPQ-04-15**. The intent of the debriefing information session is to aid the GC in presenting a better submission for subsequent opportunities. No debriefing is provided for the purpose of providing an opportunity to challenge any City decision.

#### **7.4 Evaluation and Scoring**

The prequalification process will include an assessment of references for performance in a number of areas including, but not limited to, previous work experience, financial capability, and health and safety. Submissions will be evaluated and scored in accordance with **Chart 1**.

**Chart 1**

By responding to this RFPQ, the GC agrees to accept the recommendation of the Evaluation Committee as final and binding.

The award of this RFPQ shall be in accordance with the City of Peterborough's current Purchasing By-law. The decision of the City will be final.

8.2.12 The arbitrator in the arbitration in which the Consultant has elected under paragraph 8.2.10 to become a full party may: a. on application of the Owner or the Contractor, determine whether the Consultant has satisfied the requirements of paragraph 8.2.10, and; b. make any procedural order considered necessary to facilitate the addition of the Consultant as a party to the arbitration.

8.2.13 The provisions of paragraph 8.2.9 shall apply mutatis mutandis to written notice to be given by the Consultant to any sub-consultant; 8.2.14.
