

Waste Diversion Section Manager
Infrastructure & Planning Services/Environmental Protection
File #19-P-46

Job Details

Manage the programs, services and staff of the Waste Diversion Section. Lead and oversee the development of new and existing waste management initiatives to ensure the most cost-effective and environmentally sound approach to dealing with the City's waste stream.

Qualifications

Knowledge and experience normally associated with a university degree in Environmental Studies or related discipline; a minimum of 5 years of demonstrated project and facilities management, administrative and supervisory experience at a senior level in a waste management environment. Requires thorough working knowledge of all provincial and federal environment laws and regulations, including the Environmental Protection Act. Requires working knowledge of local government functions and responsibilities, provincial government and associated agencies as they relate to waste management responsibilities. Requires working knowledge of various software applications including word processing, spreadsheet, database, presentation software applications and scale house software. Candidate must possess conceptual, analytical, problem solving, research, presentation and report-writing skills. Candidate must possess leadership, planning, communication, facilitation, conflict resolution and negotiation skills. Must be a self-starter and possess keen environmental awareness and values. Completion of the SWANA Household Hazardous Waste Collection Facility Operator course and the Blue Box Fundamentals Training and Certification would be a definite asset.

Salary

\$84,131.00-\$91,960.00
