2016 COMMUNITY GRANT INFORMATION & GUIDELINES

The ways in which the City of Peterborough provides funding to external organizations were reviewed in Report CSD07-003 – City Financial Support to External Organizations Review, presented on April 2, 2007 to Committee of the Whole. Subsequently, Report CSD07-004 - Revised Recommendations: City Financial Support to External Organizations Review was presented to Committee of the Whole on April 23, 2007 and approved by City Council on April 30, 2007. The comprehensive review led to the revision of the Community Grants Program. The reports can be viewed on the City website: www.peterborough.ca Click on the blue City Hall tab at the top of the page, choose City Council, Agendas and Minutes from the dropdown arrow, and click in the appropriate date square on the calendar on the Committee of the Whole agenda link.

There are three different Community grant programs including:

- i) **Community Project Grants** (seed money or support for a specific project for which amount requested is \$250 - \$1000),
- ii) **Community Investment Grants** (project and special events, specific programs or operating budgets for which amount requested is \$1000 - \$15,000) and
- iii) **Community Service Grants** (for municipally mandated services, amounts greater than \$15,000. Not available through application process as agreements are initiated by the City of Peterborough. See Reports to Council for more information).

The purpose of the Community Grants program is to provide financial assistance to non-profit, community-based organizations that provide direct programs, services, or activities that enhance the quality of life for Peterborough residents in the areas of social services and health, arts, culture, heritage, recreation, or the environment.
