

Peterborough Community Wellbeing Plan

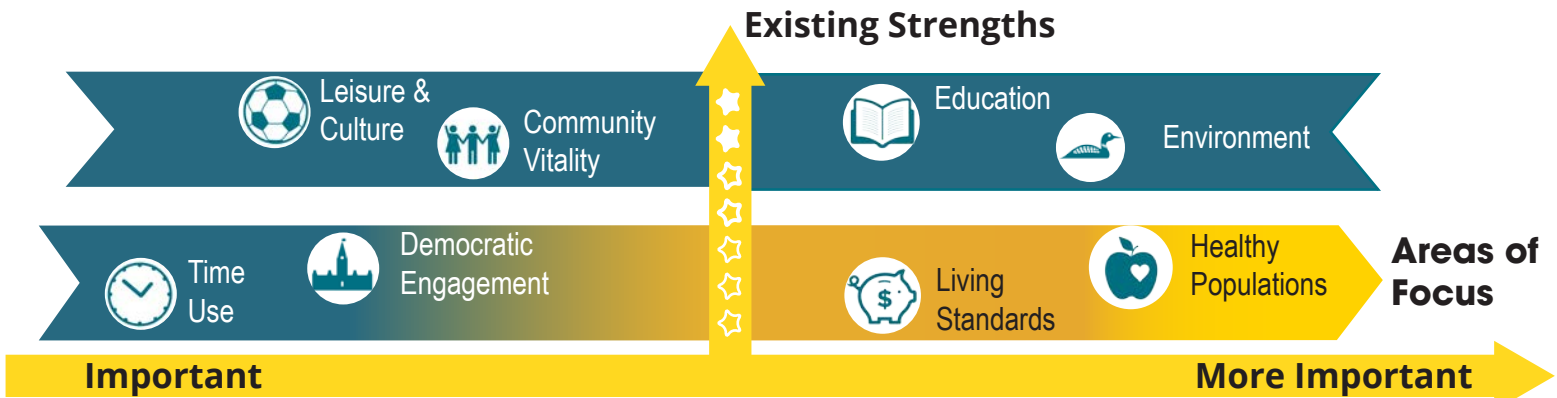

Survey Results

Throughout the summer and fall of 2017, staff actively held community events and meetings to promote awareness of the Community Wellbeing Plan. Community feedback was gathered and 950 surveys completed to help identify priorities.

What people are talking about!

What people are saying is important!

Community Wellbeing is defined by 8 areas. The community ranked each area for "Importance" and "Strengths". Based on this feedback, community priorities with high importance and less strength have been identified.

live • grow • thrive
