

# Extended Employment Health Benefits

Ask your Case Manager or Employment Counsellor for further details regarding your eligibility for this benefit!

Have you secured employment but still need coverage for health benefits?

**We understand that the cost of health benefits can be overwhelming and may jeopardize the success of your new employment. We want to assist you to make the transition to employment as successful and easy as possible.**

Extended Employment Health Benefits provides the help you need to exit Ontario Works when you become ineligible due to income from employment.

Benefits may be provided to eligible participants for a transitional period of **6-12 months** if your employer does not offer benefits.

**Even if there is a waiting period for your benefits, we can help until you become eligible for them.**

## Health Benefits Include:

- **Prescription drugs** (Receive coverage for the first six months, and assistance with the Trillium deductible for the second six months)
- **Vision care for dependent children**
- **Cost of diabetic supplies, surgical supplies and dressings**
- **Costs for medical transportation**
- **Assistive Devices Program (ADP) consumer contribution**
- **Cost of batteries and necessary repairs of mobility devices**
- **Health related discretionary benefits including dental and vision care for adults and the cost of eye examinations for adults.**

**It's easier than you think!**
