

Built For Zero Report Card

NOVEMBER 2021

BUILT FOR ZERO. PTBO

Built for Zero Canada is an ambitious national change effort to end homelessness, one community at a time. **Built for Zero Peterborough (BFZ-Ptbo)** is a group of local organizations committed to ending chronic homelessness by December 31st, 2025.

Each month **BFZ-Ptbo** will share information about the number of people experiencing homelessness in our community. We hope that sharing this information will promote transparency and accountability in our homelessness response.

By taking a close look at the data each month, we can start to:

- Focus on the facts (what we know), rather than the narrative (what we think)
- Adjust our services based on current events
- See what needs to be done to end homelessness
- Improve the lives of people experiencing homelessness

At least

258

people were experiencing homelessness in Peterborough City and County in November.

As part of our efforts to end chronic homelessness, we study changes in our chronically homeless population each month.

Of those,

131

people had been chronically homeless for six months or more in the last year.

WHAT HAS CHANGED

Inflow – People Added to our Chronic Homelessness Number

14

People became chronically homeless. Some have been in our system before and some we met for the first time.

5

People got back in touch after having not been heard from in 90 days or more. Some returned to town, or met the definition of chronically homeless again.

6

People lost their housing. They have been in our homelessness system before, secured housing, and then lost that housing.

Outflow – People Removed from our Chronic Homelessness Number

8

People moved into housing.

These people moved into housing (rental units, living with family, long term care, etc.).

4

People lost touch.

These people have not been heard from in 90 days or more, have left town, no longer meet the definition of chronic homelessness, or have died. People who no longer meet the definition of chronic homelessness are still captured in our overall number if they are still homeless.

**BUILT
FOR
ZERO.**

NOTES ABOUT HOMELESSNESS IN 2021

The year 2021 will continue to challenge us, with COVID-19 shelter restrictions, and a challenging housing market. We will continue to work towards our goal of ending chronic homelessness, whatever that takes.

In the third quarter of 2021 we encountered 169 unique individuals experiencing chronic homelessness. This is 4% more individuals than in the second quarter of 2021.

As of November 30, 2021, there have been 254 shifts from homelessness to housing (34% of these shifts were from chronic homelessness).

THE LAST 12 MONTHS OF HOMELESSNESS IN PETERBOROUGH CITY AND COUNTY

Did you see our social media campaign in the fall 2020? We published 6 fact sheets that discuss key topics related to housing and homelessness.
