Need for Support Person

This Need for Support Person Application is used to obtain a Support Person Pass, valid on services provided by Peterborough Transit.

Peterborough Transit does not charge a transit fare for a support person who accompanies a person with a disability to help with communication, mobility, personal care or medical needs or with access to goods, services or facilities.

To be eligible, a person with a disability must demonstrate the need for a support person by completing this application. The Support Person Pass is issued to the person with a disability, not the support person.

The City of Peterborough is committed to meeting the requirements of the Integrated Accessibility Standards (IAS) Regulation 191/11, made under the AODA.
