As of March 4, 2018, Peterborough Transit has a Community Bus serving malls, grocery stores, seniors' homes, medical clinics and the hospital. While everyone can use the Community Bus, it is most appreciated by people that find using the regular bus challenging.

### The Community Bus:

- Has a set route that is served on an hourly basis
- Has no stairs and seats up to 18 passengers, plus two wheelchairs
- Goes directly into shopping plazas, etc., bringing you closer to the door than the regular bus
- Serves all regular transit bus stops along the route, as well as new stops only served by the Community Bus
- Has a fare box and fare is the same as on the regular bus
- Connects to regular buses with transfers, just like the other buses
