## **5. Other Business**

- Accessible Transit, Michael, and Barry to monitor the issue. Come back to two meetings from now. Not enough vans to handle the demand.
- GPS, My Transit App- Not very optional- only gives 1<sup>st</sup> option, and sometimes it is not the best option.....not a lot of routes to choose from.
- Ride with Me – push a little more advertisement and communication on it.
- Front signage on Bus- have the secondary location signage be able to flip when it hits the end of the line. #2 Chemong (Lans to Row then Row to Lans) to help show where it is headed.
- Will have some advertisement on the bus of buses when there is no scheduled signage to be on the sides of the bus.
- Leave #22 bus as hourly, but could it run for the full-service day, because seniors are buying bus passes for a rate but only getting half the service.

### **Next Meeting**

The next meeting of this Committee will be Jan 18<sup>th</sup> 2024, with start time of 2:00 pm.

### **Adjournment**

Moved by Kevin and Elaine
