**April 24, 2019
4:30 - 6:30pm**

Please Sign in at the Front Table

Please take a comment sheet to record your thoughts as you review the display materials.

City of Peterborough staff and the WILLS design team are available to discuss any questions or concerns that you may have.

PHASE 3 OVERVIEW

PARKHILL ROAD WEST RECONSTRUCTION PUBLIC OPEN HOUSE

1. Improvements to Parkhill Road were identified in the Environmental Assessment Study approved in April 2012.
2. Improvements to Parkhill Road under Phase 3 Include:
 - Two traveled lanes, with bike lanes
 - Revised vertical alignment
 - Sidewalks and multi-use pathways
 - Left turn lanes and traffic signals at Chandler Cres.
 - Roundabout at intersection of Brealey/Ackison/Parkhill
 - Curb and gutter
 - Storm sewer
 - New storm outlet at Jackson Creek Tributary
 - Tree planting program
3. Property acquisition was required in order to increase the width of the public road allowance from 20m to 30m at previously identified locations.
4. Tree removals and utility relocations are required to facilitate the work and are on-going.

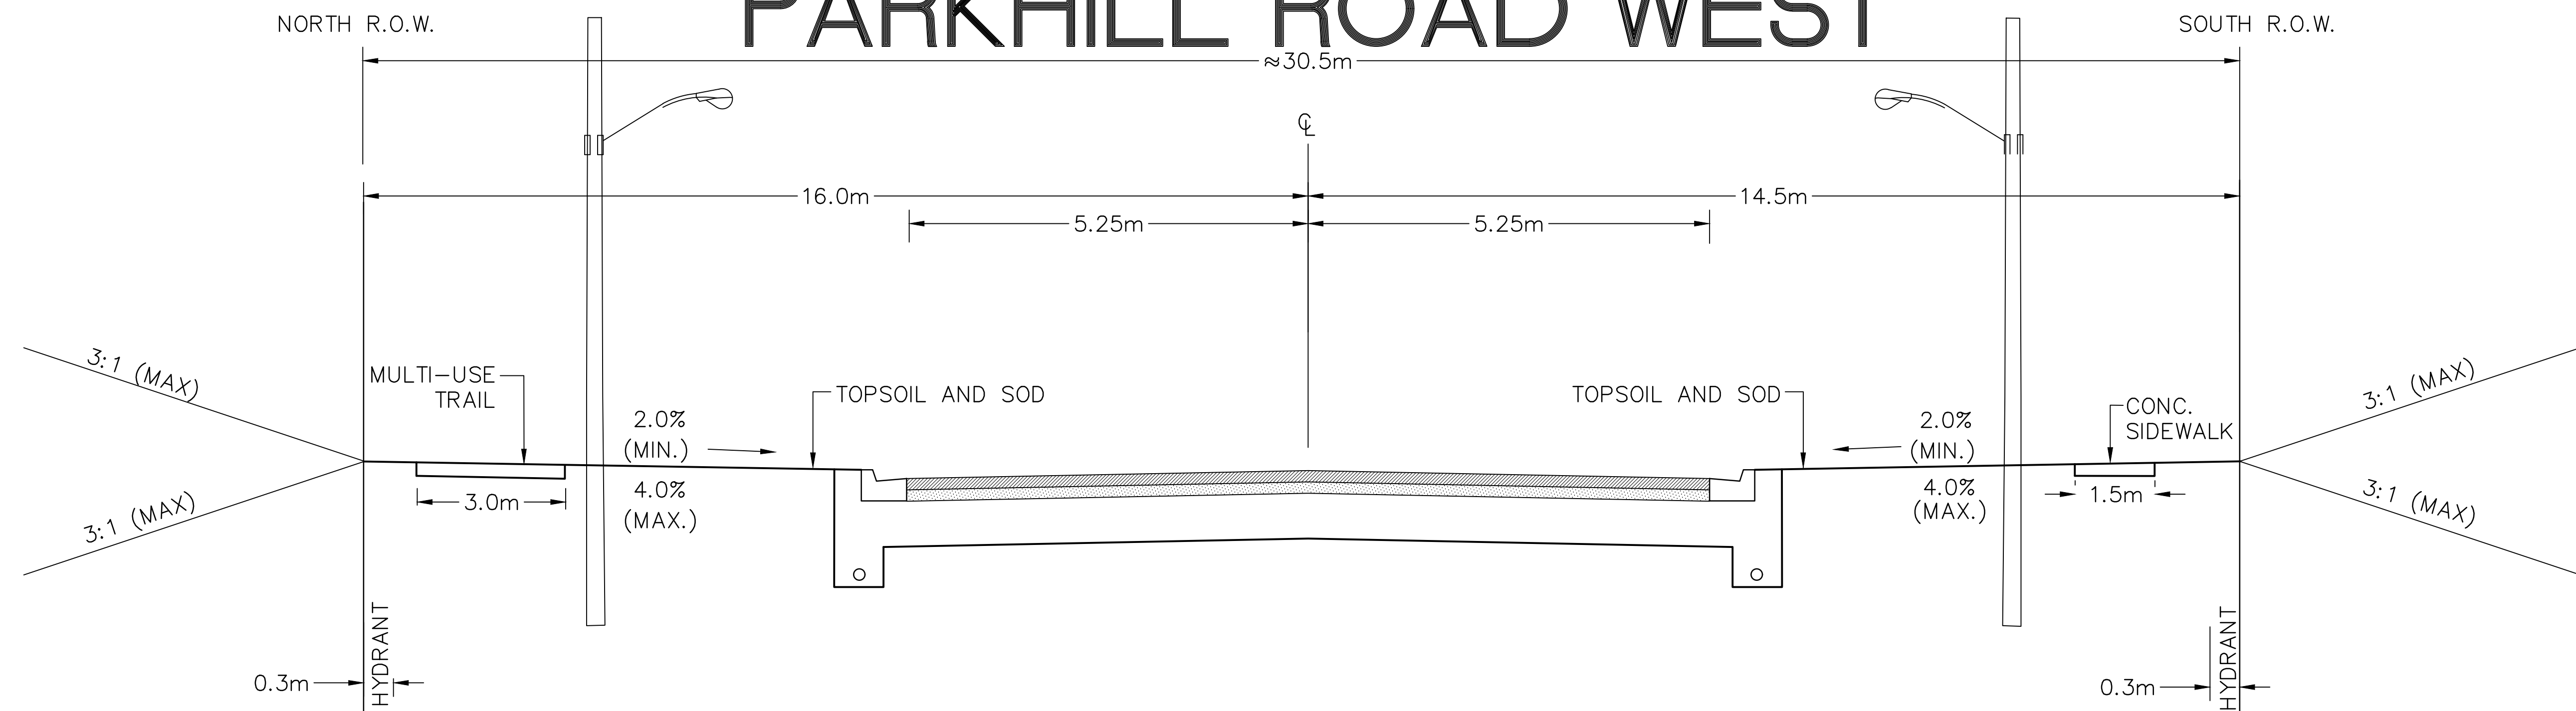

Please refer to the OVERALL plan for an illustration of the anticipated phases of construction
